**EARLY COLLEGE PROGRAMS:
POLICIES & PROCEDURES**

EARLY COLLEGE PROGRAM POLICY & PROCEDURES, ACADEMIC YEAR 2024-2025

ATTENDANCE

Paradise Valley Community College and the Early College Programs subscribe to the belief that college class attendance is essential to academic success. The following attendance policy is in effect from the first day of classes and will be enforced until completion of the program to help ensure success and to prepare students for the expectations and demands of their full-time college experience.

PVCC EARLY COLLEGE PROGRAM ATTENDANCE POLICY

Each student must adhere to the attendance policy of each class outlined in their course syllabus. Our policy does not override any policy written in a course syllabus. Early College programs will allow a maximum of TWO absences in the Fall and Spring Terms. The student WILL still be responsible for making up any missed class work/exams/projects/etc. Students with THREE absences may be withdrawn from class for that semester, unless prior arrangements have been made with the class instructor. For the Summer term, students are only allowed ONE absence due to the condensed timeframe of summer classes. The Attendance Policy is in effect as of the first day of classes and will be strictly enforced until program completion.

Definition of an Absence:

Regardless of the reason, if a student is not physically present in the classroom during the scheduled class start time, that student may be considered absent. Please see the PVCC Catalog and Student Handbook for information on Official Absences.

Official Absence:

Official absences are for official college activities and do not count against the number of absences allowed by the college. These absences fall into four categories: (1) college athletes participating in scheduled college athletic games, (2) jury duty, (3) military commitments, and (4) death of an immediate family member. Death of an immediate family member is the only applicable Official Absence for Early College students.

GRADING

Early College students begin an OFFICIAL college transcript, which will become a part of the student's PERMANENT records. Grades and transcripts will be available online at my.maricopa.edu under Student Center after the course completion date. Official copies of the student's transcript can also be requested in person at Admissions & Records. Paradise Valley Community College uses the following grade key:

A – Excellent	B – Above Average	C – Average	D – Passing**
F – Failing	I – Incomplete (does not affect GPA)	W – Withdrawal (does not affect GPA)	Y – Withdrawn Failing

**Note: Grades of a D or lower will not transfer to a university

Prerequisite courses require a grade of 'C' or better to advance to the next level. Completion of courses at 100 level or above, with a grade of 'C' or better, may be eligible for transfer to another college or university. A grade of 'D' may satisfy graduation requirements at the high school level but will not be considered transferable at any college institutions.

A student with a grade of "D", "F", "W" or "Y" will be required to complete a Student Probation Agreement in order to stay active in the program. This agreement indicates that the student will be placed on probation for one semester. No other course(s) will be taken until the repeated course(s) has (have) been completed with a passing grade. If a student fails to successfully complete their course(s) the following semester they will be removed from the program.

The following applies to scholarship students: Students on scholarship will be required to pay (approximately \$275) to retake the unsuccessful course(s) the following semester. Upon successful completion of the course with a 'C' or better the student will be reimbursed.

FALL/ SPRING CLASSES

During the first year in a PVCC Early College Program, students take classes together as a cohort or blended cohort. Classes are held Monday through Thursday during the summer sessions (5 weeks, June &/or July), and on weekday evenings and/or Saturdays during the Fall (16 weeks, August-December). Each student is required to take placement tests in Reading, Writing and Math. The student is expected to meet the requirements and obligations of a regular college student. Early College students are placed in General Education courses necessary for every degree. Early College Programs works to ensure that student participants gain the most experience and complete as many classes as the student is willing to commit to during their two-year participation.

A STUDENT WILL LOSE HIS/HER EARLY COLLEGE SCHOLARSHIP IF SHE/HE

- A. Drops out of high school
- B. Fails to attend Early College Program classes on a regular basis or perform satisfactorily
- C. "Stops out" for two consecutive semesters
- D. Does not abide by PVCC and Early College regulations and MCCC Code of Conduct

BOOKS

Textbooks for Early College courses will be available for purchase at the PVCC Bookstore. The Bookstore staff will be able to help you locate textbooks for classes. Students who purchase their books *may* be able to sell the books back to the Bookstore (not a guarantee based on bookstore policies). The Bookstore reserves the right to determine quality, quantity and price of books bought back. **An I.D. and a receipt are required to return, exchange or sell your books back to the bookstore.** The Early College Programs Office will provide textbooks for students on scholarship. All books paid for by an Early College Program scholarship must be returned no later than the last day of the semester. Failure to return textbooks paid for by scholarship may result in the student being financially responsible for the cost of the book. In addition, the student risks losing future scholarship funding for textbooks.

ID CARD

Every PVCC student **must** acquire a Paradise Valley Community College ID card. To obtain the card you must present a picture ID and PVCC course schedule. Student ID cards are issued in the Computer Commons, which is located in the E building and are free for the first ID. A valid ID is required for ALL transactions on campus in Admissions and Records, Assessment/Testing, Computer

Commons, Cashier's Office, Fitness Center, the Learning Support Center (LSC) and the Library. **ID cards must be carried at ALL times while on campus. If an ID is lost or stolen, students are responsible to get a replacement ID card which costs \$5.00.**

PROGRAM STAFF

The Early College Program Staff members are assigned to monitor Early College students' academic, educational, and career progress. Early College program coordinators and academic planners are available to discuss program status, course registration, future plans, scholarship information, change of schools, trouble with classes, questions/concerns about the program, and questions about colleges and universities. Early College Program staff may also make visits to the students' high schools during the school year.

STUDENT CODE OF CONDUCT

Paradise Valley Community College and the Early College Programs Office care about the wellbeing of all students, faculty, and staff. We are committed to creating and maintaining a safe and healthy environment where all members of the community are treated with respect and dignity. Failure to comply with the PVCC Student Code of Conduct may result in disciplinary action.

HIGHSCHOOL GAME

No "Senior Assassins" – Senior Assassins is an annual tradition for high school seniors where students pay to participate and are given names of students to target with a water gun. Any participation in the Senior Assassins game is not allowed on PVCC campus. This means: no floaties, goggles, life vest, inner tubes, water guns or anything related to participation in this game. If caught participating on PVCC campus you will be subject to disciplinary action.

Description: The Associate in Arts (AA) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors in the Liberal Arts or programs of study other than business or science. Generally, the degree will transfer as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.

In most cases, courses used to satisfy the MCCC CD Associate in Arts (AA) will apply to general university graduation requirements of the majors that align with the AA degree; however, students need to be aware of any specific requirements of their intended major at the university to be sure they select courses that will meet them. Information regarding the articulation of the AA with majors at the Arizona public universities can be accessed via the following website: www.aztransfer.com

The AA degree requires a minimum of 60 semester credits for the program of study; minimum total credits vary by specific emphasis (for example, Associate in Arts, Emphasis in Psychology). Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for credit minimums for individual degree programs by emphasis.

General Electives

Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: aztransfer.com, maricopa.edu/transfer/partners, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

+ indicates course has prerequisites and/or corequisites.

++ indicates that any suffixed course may be selected.

College Representative

Comments: _____

To Be Completed by Student and Parent/Legal Guardian:

The college learning environment encourages critical thinking and promotes the examination of contrasting perspectives of the world. This is an environment of adult interaction where students will be exposed to concepts, lectures, and materials that are designed for adults and adult audiences. At the college, there is unrestricted Internet access. Prior to enrollment, an active consultation/orientation between the student and parent/legal guardian and a college representative must take place. This discussion can take place in person or via webinar/conference call. The college representative will discuss:

- College environment: Discuss the open nature of the community college environment and how the college community is a microcosm of the larger community with students from all backgrounds and cultures. Although the college features a College Safety department, the college cannot guarantee the safety of anyone on campus. A copy of the Student Code of Conduct will be provided and behavioral expectations will be discussed as well.
- Student's goals: Assist student with identifying educational goals, selection of courses for the entering semester and creation of an academic plan to meet the student's educational goals. Discuss learning support services and other college success workshops and engagement activities.
- Course descriptions: Provide course descriptions for all courses the student has identified for enrollment in the current semester. Offer an opportunity to speak with a faculty member or department/division chair to discuss course content in more depth. College courses may expose students to graphic depictions or discussion of mature themes.
- College classroom activities: Discuss that activities may include fieldwork, lab experiments with chemicals (Career and Technical Education courses may include the use of machinery/complex equipment), and group work with other students of all ages and backgrounds. Discuss course delivery/mode options (online, hybrid, traditional lecture).
- Enrollment in courses which (1) contain curriculum and/or course materials deemed not suitable for minors (A.R.S. 13-3506) or (2) that require the use and/or operation of dangerous machinery/equipment/chemicals, etc., must be considered by the designated college administrator in consultation with the department/division chairperson and/or faculty on an individual basis.

College/Course Expectations:

- Concurrently enrolled students establish a permanent college academic record and transcript that may be required by future colleges or universities. This permanent academic record may impact eligibility for future financial aid. It is also understood that the student will receive college credit for successfully completed course work.
- Students are responsible to go online to their Student Center at my.maricopa.edu to obtain their college grades. Grades will not be mailed to student's residence.
- All students are expected to be in compliance with all current published college policies, rules, and regulations. Students are subject to the same course requirements, grading standards and attendance requirements established by the course instructor in the course syllabus.
- Students will be treated like everyone else in the class.
- Students will be held to the same expectations as any other student in the classroom and will be expected to follow the course syllabus.
- The course content, delivery and assessments, will not be altered due to underage students enrolled in the course. Students may be exposed to adult language, discussion and/or themes in the classroom and on the college campus.
- Students are responsible to communicate with the instructor if there are any questions or concerns.
- Students are responsible to seek assistance for any special needs they have, such as disability services or tutoring.
- Students interested in transferring their college credit back to their high school for high school credit are responsible for meeting with high school officials to gain approval prior to registering for college courses. High school/high school district determines whether a college course may be used for a high school credit.
- Course instructors bear no responsibility for underage students outside of the classroom. Parents are responsible for the students before and after class. Campuses are open and parents are responsible for the supervision of minors outside of the classroom.
- Parent/legal guardian/student assumes responsibility and liability for student.

Each student must sign the Student Agreement to signify their understanding and willingness to abide by the standards and expectations and to signify their willingness to be an active participant in the Hoop of Learning Program.

Expectations of Students

Participating in the ACE/Hoop of Learning Program requires enrollment in one or more courses at Paradise Valley Community College (PVCC). It also requires commitment to the following:

Student Orientation

Participation in the orientation at the beginning of each new semester.

Personal Education Session

Meet with the ACE/Hoop of Learning Program Coordinator at least twice per semester during the school year to review and discuss educational goals and academic progress. I must also participate in the assessment of my participation in the programs pre and post my time with ACE/Hoop of Learning.

Activities/College Visits

Success in college is gained through effort and hard work, therefore meeting with my instructor is mandatory. Progress Reports are submitted once during the semester.

As part of my participation in the program, I agree to comply with all the mentioned criteria of the program. Further, I understand I must remain in good academic standing in my college courses at PVCC and in my courses at the high school at which I am enrolled. If needed, I will seek help from the Program Coordinator or my high school guidance counselor.

I understand and agree to turn in all materials, and forms by the due dates. I understand as a participant in the program, I must attend all classes and mandatory activities. I acknowledge that my failure to do so may result in my withdrawal from the program.

Establishment of Rules

The ACE/Hoop of Learning Program has the authority to establish rules and guidelines necessary for the operation of the Program.

Code of Conduct

Students who participate in the program are representatives of their tribe, PVCC, and their respective high schools. Students are expected to conduct themselves appropriately and respectfully; as such, each participant will abide by the rules set forth by the ACE/Hoop of Learning Program, Program Coordinator and the on-site program staff. Any student who engages in disrespectful, hostile, or violent behavior that threatens one's self, another person, or the program will be dismissed from the program. The objective of requiring appropriate student behavior and self-discipline is to produce a positive and safe learning atmosphere. It is the policy of the ACE/Hoop of Learning Program that all individuals, parents/guardians and students and any other member of the college be treated with respect and fairness.

I understand the importance in complying with the Code of Conduct. I will assume personal responsibility for my own actions, exercise self-control, exhibit self-discipline, and accept the responsibility and consequences of any inappropriate behavior.

Responsibility

Students participating in the ACE/Hoop of Learning Program are expected to take responsibility for their own actions and will be held accountable for such by Paradise Valley Community College. As such, I acknowledge I am responsible for complying with the PVCC policies and procedures as outlined in the Student Handbook. I further understand I must expend my best effort to successfully complete the number of credits/courses for which I am enrolled.

Withdrawal from the Program

I understand PVCC and/or the ACE/Hoop of Learning Program Coordinator has the right to withdraw me from the program at any time if, in the judgment of the Program Coordinator, I have violated the code of conduct or have conducted myself in a way that has disrupted the program. I understand further that if I am withdrawn from the program, I can no longer participate in any future programs pertaining to the ACE/Hoop of Learning Program. I fully understand that because this program is paid for by PVCC, I must not withdraw from the program without prior permission from the Program Coordinator.

ACE/HOOP OF LEARNING PROGRAM POLICY AND PROCEDURES

BONUS TIME/FIELD TRIPS/WORKSHOPS

PVCC ACE/Hoop requires attendance at a monthly “Bonus Time” session. This is an opportunity for staff to connect with students outside of class to get to know students, present workshops, make announcements, provide critical information on scheduling and scholarships, and more. ACE/Hoop staff will also offer special programs from time to time, and we encourage students to attend. These events will give the students an opportunity to renew friendships, enhance skills, and receive assistance with financial aid, scholarship searches, and tutoring support. Field trips to Universities and other businesses and industries may be conducted during the summer and school year. Field trips are not mandatory, but participating in these events will make the ACE/Hoop experience broader and more meaningful to students.

STOP OUT POLICY

All students who already know that they will miss more than three class sessions in a semester are encouraged to speak to the ACE/Hoop coordinator regarding ‘stopping out’. A ‘Stop-Out’ allows a student to concentrate on high school studies or extra-curricular activities for a given semester WITHOUT being dropped from the ACE/Hoop Program. Students with a ‘Stop-Out’ will simply not be registered for classes for one semester (of student’s choice) without penalty. A student may use a stop out for any semester EXCEPT for first semester. IT WILL BE THE RESPONSIBILITY OF THE STOP-OUT STUDENT TO CONTACT THE ACE/HOOP STAFF TO MAKE PLANS FOR THE UPCOMING SEMESTER. A student may **NOT** use ‘Stop-Out’ two consecutive semesters; students with TWO CONSECUTIVE STOP-OUTS will be placed on inactive status with the ACE/Hoop Program. During a ‘Stop-Out’ the student is still mandated to attend all Bonus Time or supplemental activities. Stop-Outs are not allowed after an incomplete attend of a course.

PROBATIONARY STATUS

- A. A student will be placed on probationary status if he/she has earned a grade of D, F, or W in the college course(s) for which he/she has been enrolled.
- B. If a student wishes to remain in the program, they need to retake the course and earn a grade of C or higher. This will be at the students’ own expense subject to scholarship availability and the conditions of the probation contract.
- C. Students are required ONE hour of tutoring a week.
- D. If student has remained in probationary status for a period of TWO semester and has passed with a C or better, the student is allowed to appeal for their scholarship again, but acceptance is not guaranteed.

WITHDRAWAL/INACTIVE

Students may be withdrawn from the program:

- A. If he/she does not abide by ACE/ Hoop of Learning regulations, MCCC Administrative Regulations and Code of Conduct, or
- B. If he/she has received more than one D, W or F in a college course.
- C. If he/she would like to continue to participate, he/she will need to earn a grade point average of 2.0 in high school and reapply for program consideration; however, he/she will be evaluated with all other applicants.
- D. If he/she takes two consecutive “stop-outs.” If he/she drops out of high school or earns below a 2.0 GPA in high school.

Students may also be placed on inactive status if they do not fulfill the program requirements by participating and remaining involved in all program meetings and activities including Bonus Time.

PUMA EARLY COLLEGE PROGRAM GUIDELINES

PUMA EARLY COLLEGE PROGRAM GOALS

- ✓ To demystify higher education, its requirements, costs and benefits;
- ✓ To allow students to earn up to 35 college credits (Arizona General Education Curriculum) while still enrolled in high school;
- ✓ To familiarize students with college life;
- ✓ To provide tools for students to succeed socially, academically and personally;
- ✓ To assist students in identifying educational, career, and vocational goals and interests;
- ✓ To identify sources of financial assistance and scholarships and facilitate students in the application process.

PUMA EARLY COLLEGE MARICOPA GRANT

Puma College Connection students may have tuition paid by the Maricopa Grant for **up to 12 credit hours per year**. The Maricopa Grant application must be renewed every year in April by submitting a new application and supporting income documentation. Additionally, textbooks may be provided through book loan for grant eligible students by the Early College Program and must be returned by the last day of class each semester.

SUMMER CLASSES

Puma Early College students will begin taking classes during Summer Session which generally runs for five weeks (May 30th to June 29th).

FALL/SPRING CLASSES

During the first year in the Puma Early College Program, students take classes together as a cohort. Classes are held Monday through Thursday during the Fall (August to December) and Spring (January to May) sessions. Starting Fall semester of their second year, students are mainstreamed into regular college classes in addition to their cohort class. Each student is required to take placement tests in Reading and Writing, and during their Junior year, Math. Test scores are analyzed and each student's individual needs are met by placing them in the appropriate classes based on their test scores. The student is expected to meet the requirements and obligations of a regular college student. Early College students are placed in General Education courses necessary for every degree. The Puma College Connection Program works to ensure that the Puma College Connection participants gain the most experience and complete 35 credits earning their AGEC (Arizona General Education Curriculum) certificate.

MEETINGS AND ACTIVITIES

Occasionally (approximately one-two times each semester) you will be expected to meet with program advisor for meetings, advisement, or activities outside of the regular Puma Early College hours. These will be held after class or on Fridays.

STUDENTS PARTICIPATING IN EXTRACURRICULAR ACTIVITIES

Participation in extracurricular activities (sports, band, dance, etc.) in high school or otherwise does not excuse a student from being absent in their college classes. At the beginning of each semester students need to compare their extracurricular schedule with their college schedule to determine conflicts. If a conflict does arise the student must contact their college instructor(s) before the start of class(es) to determine if an arrangement can be made. If the extracurricular schedule provides too much conflict then the student will need to modify their college class schedule.
